### Your bill breakdown

#### Last billing period

Your billing summary as of Jun 12, 2024

Your previous charges and payments

Total charges from your last bill \$118.12  
Payments through Jun 11, thank you -\$118.12

Balance from previous bill None

#### Your new charges

Billing period: May 13, 2024 to Jun 12, 2024

Electricity charges for 30 days \$205.80

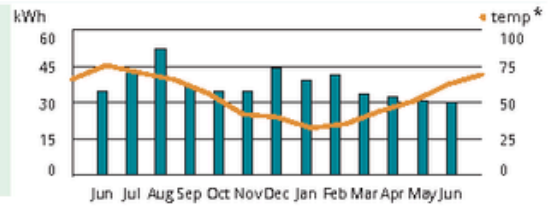

Adjustments -\$95.19

Total from this billing period \$110.61

Total amount due **\$110.61**

### Your average daily electric usage

30.17  
kWh

These are your community solar credits deducted from your total amount due to Orange & Rockland.

You will receive an invoice from Neighborhood Sun for those solar credits, but your discount will be applied, saving you money on your electricity costs.

### Messages For You

If you are unable to pay this bill in full, please contact customer service at 1-877-434-4100 for payment arrangement options.

Summer heat can lead to higher energy bills, but there are ways to keep it under control. Manage your energy cost with these energy efficiency solutions; or for help paying bills, go to: [oru.com/NYBillHelp](http://oru.com/NYBillHelp) or [oru.com/NJBillHelp](http://oru.com/NJBillHelp).

Effective March 12, 2023, pursuant to an Order of the New Jersey Board of Public Utilities, your Bill of Rights has been revised. To view them in both English and Korean, go to [oru.com/njbillhelp](http://oru.com/njbillhelp).

### ADJUSTMENT INFORMATION

The Adjustments amount on this bill includes a renewable-energy credit of -\$95.19. This credit may be the result of energy produced via an onsite solar system, a remote net-metering account or a subscription to a community-solar project.

<b>Total transmission charges</b>	<b>\$35.48</b>
<b>Your electricity total</b>	<b>\$205.80</b>

### Understanding your bill

- Basic Generation Service:** Charge recovers all costs incurred by the company from purchasing electricity for full service customers.
- Basic Service Charge:** Covers the cost of metering, billing and other customer services. This charge may include the cost of a minimum amount of usage that is billed.
- CIEP Standby Fee:** Recovers the costs associated with the administration, maintenance and availability of BGS-CIEP service.
- Distribution and Transmission Charge:** Reflects the cost of delivering energy through our lines to your home or business.
- New Read:** Monthly meter readings are no longer used for billing purposes. Instead, we use the data provided by your smart meter(s), which improve accuracy by recording your energy use in 15-minute intervals. Your New Read is provided for illustrative purposes only.
- Prior Read:** Your prior meter reading was calculated when your last bill was issued.
- Reading Difference:** The reading difference is the result of subtracting your prior meter reading from your new meter reading. Please note: the New Read and Prior Read values shown on your bill have been rounded and/or truncated. Calculating the Read Diff yourself may result in a different value than the one shown here.
- Reading Type:** You will see the word "Estimated" here if your smart meter was unable to communicate your energy use during the billing period. Otherwise, your reading type will be "Actual".
- Reconcile Charge:** Recovers the differences between amounts paid to BGS suppliers and BGS revenue for the preceding months for the applicable BGS supply.
- Regional Greenhouse Gas Initiative (RGGI) Surcharge:** Recovers the costs associated with programs designed to limit greenhouse gas emissions.
- SBC Charge:** Societal Benefits Charge recovers the cost of mandated energy efficiency, environmental protection and low income assistance programs.
- Transition Bond Charge:** Charge to recover costs previously incurred by Rockland Electric to serve customers in a regulated environment.

These are your community solar credits priced at Orange & Rockland's rate and are deducted from your total amount due to Orange & Rockland.
