

SELF-ATTESTATION OF INCOME

The New Jersey Board of Public Utilities approved this form for use by qualifying customers in New Jersey's Community Solar Energy Program. The Community Solar Energy Program defines low- and moderate-income ("LMI") subscribers as households with total gross annual income at or below 80% of the median area income, as determined by annual income limits set by the United States Department of Housing and Urban Development (N.J.A.C. 14:8-9.2). The Board of Public Utilities requires that this form be completed if you are seeking to qualify to participate in the Community Solar Energy Program as an LMI subscriber.

INSTRUCTIONS: This Self-Attestation Form is to be completed, signed, and dated by a member of the applying household. It is a written statement documenting an applicant's affirmation that the gross annual income for the applicant's entire household qualifies as meeting the definition of an LMI subscriber. Applicants may attest their status as an LMI subscriber by either reporting their household income or confirming participation in one of the qualifying LMI programs listed at the end of this document. If choosing to report your household income, please reference the income limits for your specific county at the end of this document.

ATTESTATION: I hereby confirm my eligibility to qualify as an LMI subscriber for the purposes of participating in New Jersey's Community Solar Energy Program.

I understand that this information will be used to confirm my eligibility to qualify as an LMI subscriber in order to participate in a community solar project with capacity reserved for LMI subscribers. If I do not qualify as an LMI subscriber, I understand that I may still subscribe to a community solar project that has availability for non-LMI subscribers.
