Avoid the seasonal highs and lows in your electric bills by signing up for the Equal Payment Plan (EPP). While on this plan, each month you are billed one-twelfth of your estimated annual usage. Your account is reviewed periodically and adjusted, if necessary, to ensure your payment amount reflects your actual usage. If you are not already an EPP participant, but would like to enroll, call our Customer Service number, or visit <a href="http://www.firstenergycorp.com/paymentoptions">www.firstenergycorp.com/paymentoptions</a> . These are your community solar credits in kilowatt-hours generated by your share of the solar farm for that specific production period.

The negative dollar amount is the original value of the community solar credits.

The "Community Subscriber Fee" is not an actual fee. It reflects the value of the solar credits after your 20.01% discount has been applied. In this case, the savings is \$5.01.
